Check here if we already have your information on file from another Titanium clinic (no need to fill out again)

About the Shooting Clinics:

Who: Open to middle school boys lacrosse players (7th & 8th grades) who have playing experience. Not recommended for beginners.

What: 1-hour high-level instruction on all types of shooting, including *Time & Room*, *On-the-Run*, *Turn-the-Corner*, *Inside Finishing*, *Freeze & Finish*, and more.

When: Monday, December 7th & December 14th @ 6pm

Where: Field Sports in Dublin. 6400 Dublin Park Dr. 43016

Why: Rarely are purely offensive players from Ohio recruited to top college programs. Why? Because Ohio stick skills and finishing/scoring abilities lag those of the east coast and Canada. The bottom line- unless you are a big, strong, fast, and/or super athletic lacrosse player, your chances of being recruited as a short-stick player rely heavily on your stick skills and, ultimately, your ability to SCORE. The Titanium Shooting Clinics will sharpen your skills to give you an edge on the competition.

Shooting Clinic Sessions:

Dec 7 @ 6pm Dec 14 @ 6pm

(check which clinics you will attend)

Cost: \$20 per session

Make check out to: Titanium Lacrosse
(include your son's name in the subject box)
