

Friday February 19th

7:00pm

HEADstrong Night

@

Whittier College

Come see NCAA lacrosse as the Whittier College Poets play Southern Maine University and support **The HEADstrong Foundation**.

The HEADstrong Foundation was founded by **Nicholas "Head" Colleluori** while fighting Non- Hodgkin's Lymphoma. In his sophomore year at Hofstra University, after experiencing allergy like symptoms, he was diagnosed with Non- Hodgkin's Lymphoma, a vicious type of blood cancer that affects the lymphatic system. It was his vision to share his illness with the public to raise cancer awareness and to help others affected by the disease.

Current Whittier assistant coach James Morgan was a teammate of Nick's for 2 years at Hofstra University.

Admission to the game will be \$5 and all proceeds will be donated to **The HEADstrong Foundation**

The HEADstrong Foundation will be selling merchandise to purchase at the game. For more information on The HEADstrong Foundation, please visit the website www.headstrongfoundation.org.
